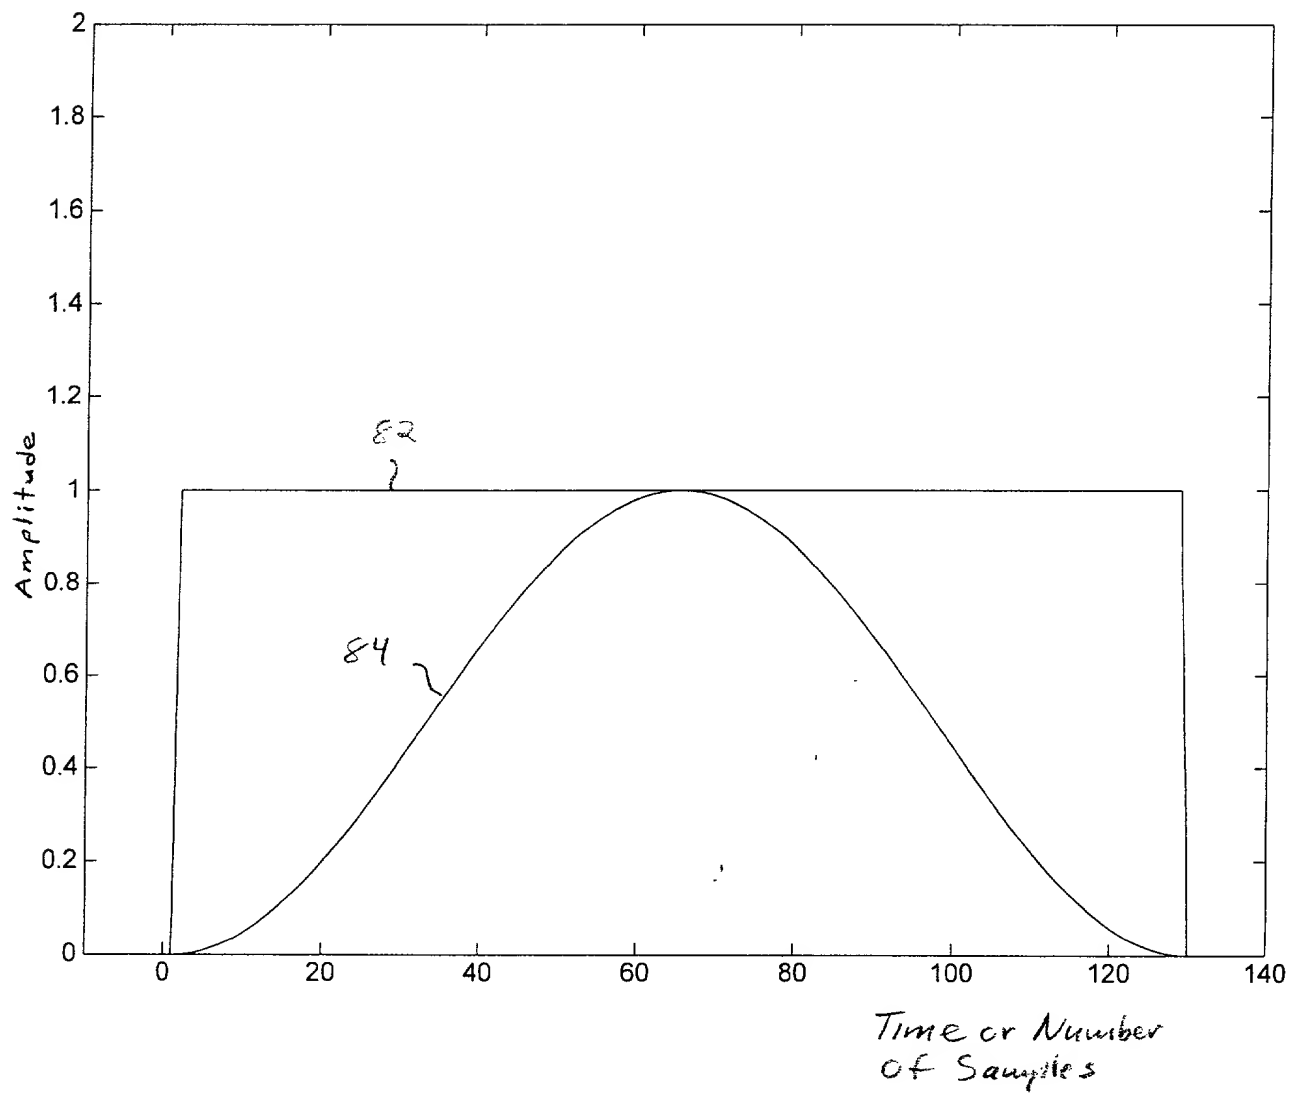

FIG. 5

Diagram illustrating a packet structure with four frames:

- Frame #1** (70-72) and **Frame #3** (76-78) are shown at the top.
- Frame #2** (71-73) and **Frame #4** (73-75) are shown at the bottom.
- The packet is divided into segments with addresses: 1, 128, 129, 256, 257, 384, 65, 192, 193, 320.
- Arrows indicate frame boundaries and segment addresses.

A hand-drawn graph showing Average Power versus Frequency. The graph features a dashed curve with several peaks and valleys. Vertical lines connect the curve to the horizontal axis at various points. Two specific points on the curve are labeled '92' and '94' with dashed lines pointing to them. The y-axis is labeled 'Average Power' and the x-axis is labeled 'Frequency'.
